Rotarians Present **Minstrel Show** Oct. 9th & 10th

The Grayling Rotary Club will present their first annual Minstrel Show on Thursday and Friday evening, October 9th and 10th, in the Joseph Stripe Auditorium

Above are but three local Rotarians you will want to see perform as they make their debut on the local stage. John Huss the Interlockter, center, with Bob Lemire, left, and Sandy Thompson the Endmen, are shown during a rehearsal.

The show will feature a chorus, walk on comedy skits, specialty numbers (including Barbershop singing) and other foolishness, all of which has become associated with that unique form of American light-hearted comic entertainment, the Minstrel Show.

Nobody should miss the opportunity to see local businessmen, teachers and your neighbors as they have a good time making fools of themselves in order to entertain you in the name of charity and laugh along with, and at, as they divulge little-known secrets about Grayling and its residents.

The show will start at 8:15 p.m. both nights, and all proceeds will be used by the local club to support local projects which include a foreign student exchange program, and charitable contributions.

Tickets may be purchased at 1st Savings of Saginaw, Chief Shoppenagons Hotel, any Rotarian, or at the door for \$2.00 per person or \$6.00 for the entire

What Red Cross Blood Means To The People of Crawford County

Of course you know that Red Cross holds Blood Banks in our County, and we hope you know that Red Cross Blood is free to any resident of our County who needs it, wherever he may be in the domestic United States.

But did you know that 183 of our good citizens - about one for every family in the county - received 452 units of free Red. Cross Blood at Mercy Hospital during the fiscal year ended

Do you realize that if these folks had to buy that blood from a commercial supplier it would have cost \$14460? That is at \$32 per unit, the current price in Bay City, which is typical!

Stated another way, because 647 of our wonderful Good Neighbors donated 487 pints of their precious blood to Red Cross in the six Blood Banks held in the same fiscal period, those 183 of our folk who needed blood were saved \$14460! Although all local labor in the Blood Bank activity is Volunteer, Crawford County Chapter's per capita share of maintaining Mobile Blood Bank activities here was \$477; som

Sti worth of coffee, fruit juice and doughnuts were provided Blood Donors; for a total annual cost of \$593.

Surely the Red Cross Blood Bank Program is vital to the health and happiness of our community! But, Red Cross must have your financial support to keep this vital service going!

October is Red Cross Fund Drive Month!

Hiking Color Tour Planned Here Saturday, October 11th

A hiking color tour is planned for Saturday, October 11th for all interested Grayling area residents and visitors. The color tour, organized and guided by Gus Konopnicki, will begin at 10:00 a.m. Saturday at the Bear Mountain parking lot, next to the Fred Bear

Ranging from 1-8 miles, the purpose of the hiking color tour is to acquaint area residents with these 40 year old trails, and to enjoy the fall colors at their peak. A leisurely pace will be maintained and for those who go the full distance ending time will be approximately 2:00 p.m. Hikers should provide their own lunches.

Alternate parking areas will be available for those people wishing a shorter hike. Cars may be spotted in advance at these alternate parking areas.

The trail system, 32 miles in total length, is located in the Hanson State Military Reservation. For information contact Mr. Konopnicki

Grayling Lecture-Concert Series to Begin October 11

Saturday evening, October 11 will mark the opening performance of the Grayling Artist Course Series, a series of six cultural performances in Grayling High School's Joseph Stripe Auditorium. Opening the series will be noted lecturer and author. Princess Little Pigeon. The lecture will begin at 8:00 p.m. with tickets going on sale in the lobby at 7:15. The new Grayling High School is located west of the M-93 interchange of I-75.

Princess Little Pigeon is a recognized American Indian Princess and the wife of Grey Owl, a hereditary Chief of the Oneida of the Thames. She is well known as a lecturer in the East and Mid-west and her articles on Indian affairs have been published in a number of periodicals. In 1974 she received the Grand Award for

Creative Writing in the annual Scottsdale Indian Arts Festival.

Princess Little Pigeon describes her work as the assembly of information on activities and problems of all tribes and making this information available to anyone who should request it. To accomplish this she receives weekly information reports and news clippings from the Bureau of Indian Affairs. Another service she performs is the preparation of short histories of various tribes for Indians who request them. For instance, some of the Delaware in Oklahoma were interested in knowing the events leading up to their removal from the east so dozens of old accounts were located and the history written. A similar project has been completed on the

Princess Little Pigeon will include in her October 11 lecture in Grayling a description and human interest stories of the reservation today, contrast between Eastern and Western Indian present day life; some common misconceptions about Indians and a brief history of the migration of tribes prior to white settlement and the development of their cultures based upon new archaeological evidence. She will complete her lecture with a question and answer session. Her lectures of the past have been acclaimed by audiences and sponsors alike as the most informative and the most exciting experience they have had in the field of human emotions.

Season tickets purchased at the October 11 lecture will also admit the owner to a symphony orchestra concert, a jazz band-stage band concert, an evening of barbershop singing, a presentation of Mark Twain and a special "Surprise" concert. Cost of a season ticket is \$5.00 for adults and \$3.00 for children twelve and under and senior citizens. All programs will be held in the Grayling High School Auditorium.

ROTARY POSTER CONTEST WINNER-Nelson A. Miles President of the Grayling Rotary Club is shown presenting to Mary Jo Bonkowski of the 6th grade, the \$25.00 government bond she won for the best Rotary Minstrel Poster. Looking on is Mr. Bedford, her art teacher. The posters you see around town on the Grayling Rotary Minstrel Show were drawn by the art students in the Middle School. A total of 106 posters were received. The students were also assisted by teachers, Miss McDonald and Mrs. Hayes.

St. Ignace Spoils Homecoming

put a damper on Grayling's Homecoming weekend with a 38-21 win, but the Viking fans were treated to three electrifying moments by Will Roach, Grayling's junior tailback.

Roach, showing his quickness and his speed, broke loose and rambled for touchdowns of 70, 80 and 40 yards, to give the homecoming crowd something to cheer about on a beautiful autumn Saturday afternoon. The scatback finished with 287 yards in 24 carries.

Dan Bonamie made good on all three conversion attempts for the Vikings 21 point total.

The Vikes travel to Rogers City Friday night for a Michigan-Huron Shores Conference clash with the Hurons. The Hurons have lost to St. Ignace and Petoskey, but last Friday they nipped the Charlevoix Ray-ders. 8-6.

From Our Corner

Many things have happened to us since we tried to pass on a little sage advice from our corner two weeks ago - not to mention our frustration and stupidity of locking ourself out of the office Sunday, and having to, of all things wait at the golf course for you know who to complete her round so we could get an extra set of

The many happenings occured to us prior to Sunday — and the many pertains to the many Rotarians we have encountered, and if one can believe their enthusiasm they project for the Minstrel Show to be presented Thursday and Friday, all we can say is, everyone should plan to attend - we'll be there because we do not wish to miss this debut of so much local talent that we are told exists in our community.

We are sure that it will be two fun nights - but more important the proceeds will be used by the local club for their charitable endeavors.

Last week we were again asked how come a certain picture and article wasn't in the paper when they had it in the office in plenty of time? So we tried to explain it once again - and now while we are putting our corner together tonight, it appears at this point there will be more explanations to pass on come

Jack and Cathy Jones of Lansing are the proud parents of a baby girl born Sunday noon. The young lady will be known as Heather and weighed in at 8 lbs. 5 ozs. Mother and daughter are doing fine, and so is the father. Mr. and Mrs. Evart Jones and Mrs. Billie Forbes are the grandparents.

Mr. and Mrs. George Polmanteer of Mio spent the weekend visiting his sister and husband, Mr. and Mrs. Evart Jones

Michael Brady of London, England arrived on Thursday to spend a month visiting his mother, Mrs. John Brady and his brothers and sisters.

Nancy Rosenberg of Ann Arbor spent the weekend with her mother, Mrs. Leonard Knibbs. She was accompanied from Ann Arbor by three stu-dents at U. of M., Dick Joseph, Kevin Sloan and Wendy Gee who spent the weekend with their parents, the Bill Josephs, the Duane Sloans and the Col. Farleys, respectively.

Mrs. Helen Catlin and Mr. and Mrs. Philip Baker of Toledo were here for the Alumni Homecoming, returning to their homes on Sunday, Mrs. Catlin is leaving for her apartment in Daytona Beach on Oct. 5th.

Grayling and Mr. and Mrs. Harold Lomas of Detroit spent 10 days in Manistique recently They reported beautiful weather and good fishing.

Mr. and Mrs. York Edmonds

Mr. and Mrs. Walt Layman of

of Pueblo, Colorado, arrived on Friday to spend some time visiting his aunt, Mrs. William Christenson, and many other friends and relatives. On Saturthey visited the Elmer VanNatters in Cadillac

with a miserable Sunday, lock ing himself out of the Ava-lanche, and then to compound it, he missed having the big hoss, T.J., come over and visit There would have been plenty of chop suey for you and your mommy and daddy, T.J.!

Just received a number of Friends of Robert Stenger, president of Kirtland CC will be pleased to know that he has come through his kidney trans-plant and expects to be released from Little Traverse Hospital, perhaps in a week.

The Bible Speaks

Prophecies of Antichrist In the New Testament Time and space do not favor extended study of antichrist using every reference available in the New Testament, therefore chapter two during the next two

The day of the Lord which begins with the tribulation period upon the earth, shall not start until a growing period of apostasy fully develops, "Let no man deceive you by any means: for that day shall not come, except there come a failing except there come a failing away first, and that man of sin be revealed, the son of perdition." "Falling away" is translated from a greek word "apostasia" from which we get our english word "apostasy". Apostasy speaks of a falling away or a denature from the faith. We a departure from the faith. We have never seen a generation in the history of the church in which doctrinal confusion has

reigned as it does today.

Antichrist is called, "that man this could be just as well translated, "that man of lawlessness". As we saw last week, antichrist will "think to change times and laws", Daniel 7:25. He shall attempt to overthrow every moral and spiritual law God has given. The present world wide spirit of rebellion against the established mora standards of God will be unified and personified under the lead-

ership of antichrist As we saw last week in the O.T. prophecies, antichrist will evault himself above all religions including the God of the Bible. He shall even sit in the future temple in Jerusalem and receive worship as God. The location of the temple will be the same place the Jews always had their temple from the time of Solomon onward. Between now and that time, the "dome of the rock", an Islamic mosque must be destroyed to clear the ground for the new temple. "Who opposeth and exaulteth himself above all that is called God, or that is worshipped; so that he as God sitteth in the temple of God, shewing himself that he is God." Although the spirit of anti-

Spirit will depart with the

church, and afterwards only work as He did prior to the day of Pentecost. "And now ye know what withholdeth that he

might be revealed in his time.

For the mystery of iniquity doth

already work; only he who now

out of the way. And then shall

that Wicked (one) be revealed." We learn from Genesis 6:3 that

from the first book of the Bible

onward, it is the Holy Spirit who

his disciples that one work of

the Holy Spirit in this age is to "reprove the world of sin", John 16:8. If you think sin is bad

today, just wait until the Holy

Spirit ceases to restrain sin following the rapture of the Church. This world shall be-

come so wicked and sinful that men shall seek death and cannot find it, they shall try to

nide from the wrath of God. Revelations 6:15,16. (adv.).

Instant Action Lottery Starts

A new kind of "Instant Action" Lottery game started Tuesday, October 7, at noon, when tickets went on sale for the Michigan Lottery's \$1.00 Instant Game.

Unlike previous lottery games tied to weekly or periodic drawings, the Instant Game has the winning numbers hidden on tickets under a special rub-off material.

The customer knows instantly whether the ticket is a winner or a loser, and more people than ever will be winners. An average of one ticket in ten will win a cash prize.

Instant prizes available include \$2, \$5, \$50, \$100, \$1,000, and

\$10,000. In addition, up to 50 winners will quality for a special Million Dollar Grand Drawing at the game's conclusion. Each Grand Drawing qualifier wins at least \$10,000 and a chance at prizes of \$25,000, \$50,000, or \$1,000,000 (the million dollar prize is the only non-cash prize offered in the game, paid at the rate of \$50,000 a year for 20 years).

THE TICKET

Each ticket contains six prize spots, covered by the rub-off material. When the material is removed with the edge of a coin, a prize amount of \$2 to \$10,000 appears the word "Finalist" appears, the holder qualifies for the

Million Dollar Grand Drawing (minimum \$10,000 guaranteed). INSTANT PRIZES - CLAIMING

Sales Agents will pay off \$2 and \$5 prizes. Holders of tickets winning \$50 or \$100 must go to an official lottery Claim Center and present the ticket for processing and payment.

Winners of \$1,000 or \$10,000 must personally present their tickets at Lottery Central in Lansing or at a Lottery Regional Office in Oak Park, Kalamazoo, Saginaw, Grayling, or Marquotto.
VALIDATION

Holders of winning tickets should not tamper with the spot at the bottom of the ticket marked "Void if Removed". Under the spot is a special number used in the process of validating winning tickets. Any tampering with that spot will render the ticket void, tickets. Any tampening with the and the prize will not be paid.

MUTILATION

Tickets which have been rubbed too hard, to the extent that the prize amounts are no longer legible, are also considered void. The edge of a coin or similar object works best in removing the rub-off material. Sharp objects which might remove part of the foil or render the numbers illegible should not be used.

CARD OF THANKS

Thank you to all the nice people of Grayling who were so kind to us during our time of

We would especially like to thank all those wonderful nurses who were so good to our father. We feel all of his "Sweetnearts" watched over him and were ready to help all of us at any time. We also thank Drs. Dosch, Burkley and Henig for their wonderful care of him.

Father Louis and Father Martin, we thank you for the beautiful services, your shared memories of our father during the Mass, and your Blessings on him and us. We also ap-preciated the performances of the three Altar boys, Brian, Dan and Billy - you did a good job. Thanks, too, to Perry Wells and the Knights of Columbus.

A special thanks is also due Derek McEvers and Bud Sorenson who did so much for the whole family. Last, but not least we wish to thank our friends neighbors and relation for their prayers, Masses, flowers and donations made to the Senior Citizens Center in his name and for the good and all other kind acts and words. We also thank the ladies of St. Mary's for the lovely luncheon you gave for us.

Pa, we are so happy for you as we know you are at last with our beloved Mother. We know the two of you are praying for all of us just as you did here on earth and that some day we shall all meet together again as a loving family in the presence of the Lord. We thank you for you but mostly we love you.

Theater Group Meets

Nearly twenty new and old members of the Main Street Players assembled last Monday September 29, to decide on the group's fall production. Not only did they pick an exciting play, but four members of the group formed a steering committee to establish a Readers' Theatre, which will become an ongoing effort on the part of the Main Street Players Readers Theatre is a unique form of theatre, in which small groups of actors and actresses do characterizations - readings staging, props, costumes, sets, or makeup of any kind. The readers will bring their shows around to the communities in this area, performing half-hous programs. Anyone who is interested in becoming a part of Readers' Theatre, either planning it or performing in it, can call Craig Dandy at 348-9813. The Main Street Players, Inc.

also announce tryouts for their fall production, "Six Rms Riv Vu," one of Neil Simon's better-known romantic comedies. Mary Liz McNamara of Grayling will direct the show, say and four women: one each to play major roles, one each to play minor roles, and two men and two women to play walk-on bit parts. The auditions are set for Monday evening, October 13, at 7:00 p.m. in the basement of the Congregational Church

on South Main in Roscommon The group also welcomes regular and new members to a general meeting on the same night, October 13, also at the Congregational Church. Some refreshments will be served at this meeting where technical heads will be chosen and further plans will be made for this late-November production For information about auditions or the meeting, call Mary Liz at 348-2171, or Margaret DeSantis at 348-2271

Incumbent void in Senate race spices Matters

An open seat in the United States Senate doesn't come along very

That's what's happening in Michigan in 1976, where Democratic Senator Philip A. Hart announced several weeks ago, that he would not be a candidate for another six-year term.

The rarity of the circumstance is

one thing that accounts for the early and heavy activity in both parties among would-be senators.

Among men (and maybe women, too, before the polis close) who believe that destiny is calling, the line forms on the right...and on the left, too, for that matter.

Many are the potential senators who are vying for early advantage, or testing the waters to see whether they have a chance, and if so, how much it would cost and where they can turn up the bucks to pay for an all-out run.

The opportunity is golden, as opportunities for the United States Senate develop. It's not very often when an incumbent announces he won't run again, leaving the seat up for grabs with both major parties having a full-scale shot at it.

NORMALCY IS GONE

Normally, senators seek re-election; normally, they are nominated by their party without dissent; and normally, the incumbency is an ad-

With Hart stepping out voluntarily, the normalcy is gone in Michigan for

In the early book, two fellows already on the Washington scene must be ranked as front runners for nomination as Hart's successor Democratic Rep. James O'Hara of Macomb County is already formally in the race, and Republican Rep. informally running for some time.

Neither is a shoo-in, of course. Among Democrats, State Sen. John Otterbacher of Grand Rapids also is openly campaigning; at best, he's a long shot. Secretary of State Richard Austin is testing the waters, and may jump in. Attornev General Frank Kelley always is a possibility, regardless of early maneuvering. U.S Rep. Donald Reigle of Flint, the

former Republican congressman, is a distinct possibility.

FIELD MAY BROADEN

And the field may broaden before it narrows. After all, the opportunity presented by an open U.S. Senate seat is a rare one.

That accounts for the heavy Republican maneuvering, too. One strong potential candidate, U.S. Rep. Phil Ruppe of Houghton, has already taken himself out of consideration after earlier expressing interest. He says "making this race would involve a great sacrifice by my family," which it certainly would.

The job as governor is frequently a jump-off point to the U.S. Senate, but Gov. Milliken has stoutly said he won't run-no matter what.

Even so, Esch won't have a clear field. Former U.S. Rep. Robert Huber of Troy is circling the ring, ready to pounce if things look right. Deane Baker, an Ann Arbor businessman and University of Michigan regent, is an open Republican candidate; he even took off overseas a while back to study the foreign situation.

CAWTHORNE PUSHED

Some of his legislative friends have been pushing Rep. Dennis Cawthorne of Manistee as a GOP candidate; unless things are changing in the political world, however, a push from state legislators of either party carries with the voters all the weight a sackfull of marshmallows. Maybe the Cawthorne boost will be different; you have to pay attention to a guy who will take a vacation in Czechoslovakia, which Cawthorne reportedly was doing when his friends floated his trial balloon.

Shoot at President Skeet

It is not necessary that everyone who owns a gun should use it to shoot at a President. The National Shooting Sports Foundation (NSSF) is distributing a 12-page booklet titled "How To Organize a News Media Shoot.'

As a working member of the news media. I was shook when this booklet hit my desk. On the cover, along with the threatening title, is a cartoon of an editor. You can tell because he has a pencil behind his ear and wears an eyeshade over a dumb look. There are spent shells scattered around his

Immediately I realized I should never have written that column about the grave danger of rampaging deer attacking innocent women in the A&P checkout line. I never should have suggested that only brave hunters could prevent the loss of our constitutional rights and a government take-over by pheasants.

I thought the booklet was urging gunmen to seek improved news coverage of blood sports by taking an editor to lunch and force-feeding him shotgun shells for dessert. But I was wrong. After reading a few pages, I realized the NSSF doesn't really want to shoot at me. Rather, it wants to put me on the trigger end and teach me the joys of sighting a target and whopping a bullet through it.

The booklet is meant for gun clubs. It urges them to invite editors to come out and shoot skeet. "Participation in a News Media Shoot will mark the first time that many editors have ever handled a sporting firearm. This introduction has proven to be a thoroughly enjoyable, even exciting experience for many editors, and some can hardly wait to try it again,"

There was a time, I'll admit, when I thought a skeet was an exotic bird shot freshly unsacked at only the snootiest hunting preserves. But I'm not that dumb anymore. A couple of years ago I went to a hunt club for lunch and mentioned I'd never tried

open-faced sandwich but I ended up out on the range, surrounded by horse-laughing outdoorsmen, shooting a borrowed gun at clay targets that some invisible hireling threw out of a backhouse. The skeet won and my shoulder was sore for 3 months.

So the NSSF greatly underestimates this editor's experience with sporting firearms. But the booklet is more on target when it says: "For many editors, their only exposure to guns is what they read in wire stories and other accounts of guns used in crime. Understandably, they can develop a rather one-sided and unfavor-

able view of shooting."

True. Everytime I hear something about a gun, it's bad. President Ford had to duck again, or a grocer had his face shot off, or an Arab killed a Jew, or a wife made herself a widow with one loud bang. And I'm depressed to learn 11,573 hunters were waiting nearby when 356 pheasants were freed on the opening day of Michigan's put-and-take season. Each hunter took home a feather, strapped to a fender, and the skies were safe

There is no denying my view of shooting has been unfavorable. But the NSSF booklet promises light at the end of the barrel. It encourages gun clubs to "put an editor in your shoes" by inviting him to shoot skeet with a cocktail hour to follow. There is not one mention of shooting anything that breathes, just clay. Nor are there any foolish suggestions that a suitable substitute might be fruit punch.

This is what I call a highly civilized attitude. No one cares when a skeet is shot. What we must do to prevent national trauma is elect a clay President. This would not only avoid bloodshed, it would free hundreds of Secret Servicemen for more productive employment.

Maybe they could throw the skeet out of those backhouses.

JV's Lose 3rd Game to Saints

[By Kurt Larson]
The Crayling JV's did just about everything right at St. Ignace last Thursday night except ending the game with the most points on the scoreboard as they dropped their third game of the season, 14-7. The Vikings showed a good

offense throughout the game, but had four apparent touch-downs nullified by penalties or referee's decisions

The Saints scored first on the second play of the game, but were stopped on the conversion attempt. Trailing 6-0, Grayling marched down the field following the ensuing kickoff to tie the score on a 20-yard pass play from Mark Golnick to flanker Chris Austin. Doug DeHart then kicked his first extra point of the season, giving the Vikes a 7-6

Just before the half Grayling again moved the ball down close to the St. Ignace goal line. On a fourth down play from the one-yard line, the Vikings ap-peared to have the ball over the goal tine, but were ruled short,

about six inches away.
With the score 7-6 late in the third quarter, the Grayling defense put a hard rush on the Saint's quarterback. The pres-sure looked to have caused a fumble, which was grabbed by Sherm Holey and run into the end zone. However, a referee's decision ruled that the passer's arm was in a forward motion,

thus an incomplete pass.
The Saints pulled ahead 14-7 late in the fourth quarter when they were aided by several costly penalties against the Vikes. Their conversion attempt was good.

Grayling made a last-ditch effort to get back in the lead as they drove the length of the field with less than two minutes left. Deep in St. Ignace territory, Golnick hit Bill O'Mara in the end zone, but it was ruled that he stepped out of bounds before having control of the ball. On the final play of the game, fullback Dave Lepsy dove from about two feet out, but was once again ruled short even though one official had signaled

a touchdown.
Coaches Charles Mires' and Dave Fergusons' squad rolled up 348 yards total offense in the game. Holey generated 133 yards of it on 15 carries. Golnick was 10 of 15 in passing for 109 yards. Defensively, Grayling was led by Bill Hartig, Brian Ruddy, Steve Byce, Mark Gol-nick and Sherm Holey. Saints fumble recoveries were

made by Dave Lepsy, Chris Ostrander, Ruddy and Hartig.

Mike Allen also blocked a St. Ignace punt attempt during the contest.

Grayling's JV's continue to improve following a winless freshman year. They are now a much better team than their 2-3 record indicates. Coach Mires stated. The young Vikings host Rogers City this Thursday at 6:30. Rogers City and the St. Ignace JV's played to a 14-14 tie earlier in the season. If our young Vikings continue to improve as a team, it should be evident this Thursday.

Cross-Country Team in Action

The Grayling Varsity Cross-Country team, at home on Oc-tober 2nd, soundly defeated Kalkaska by a score of 17-41.

Scorers in the meet were Paul VanNuck of Grayling tak-ing first; Pete VanNuck, Grayling; second; Jim Gardiner, Grayling, third; Andy Chews, Kalkaska, fourth; Halph Larson, Grayling, fifth: Kurt Larson Grayling, sixth; Jim Russell, Kalkaska, seventh; Grant Emmert, Kalkaska, ninth; Jeff Ar-

gyle, Kalkaska, tenth; Bob Ev-ans, Kalkaska, eleventh. Earlier in the week, on September 30th, in a tri-way meet at Boyne City, Grayling lost to Rogers City by a score of 32-23, but defeated Boyne City by a score of 24-31.

The standard course length in Cross-Country is three miles. Scoring, as in golf, is low score wins. The first five runners for each time are assigned a place, then these places are added

This school year got off to a very smooth start in spite of an increase of eighty students over last. This year's enrollment of 2,224 students is again all-time high. One interesting enrollment fligure is that of the high school where 717 students falls just 5 short of the Class B cut-off of 722 students.

New enrollments have been spread out fairly uniformly.

inroughout the District, with a little higher than average increase in Kindergarten, first, and sixth grades. The increase in kindergarten and first grades is contrary to the national and state trend of lower early elementary enrollments because of declining birth rates. The enrollment patterns in these grades have either held even or increased substantially in the past few years, indicating that most of the newcomers to the Grayling area are families with fairly young

STUDENTS VISIT LIBRARY—On Monday, September 29, Mrs. Fleming's second grade class walked to the Crawford County Library. After Mrs. Souders, the librarian, read them a story and showed two filmstrips, the children were able to check out books. Field trips like this are made to acquaint children with facilities that are available to them in the community and with the library, in particular, to stimulate an interest in reading.

The second grade would like to thank Mrs. DeCrick, Mrs. Moore, and Mrs. Wakeley who walked with them.

FREDERIC STUDENTS VISIT HARTIWCK PINES-On Thursday, September 25, the intermediate classes of Frederic Elementary went to Hartwick Pines for a nature walk. While they were there, Mr. Hoover, the park ranger told them the history of the state park. They also observed a young pine forest and learned how it will look in

There was a replica of a logging camp including the kitchen, bunk area, blacksmith shop and offices. Mr. Hoover explained what life was like in a logging camp and related what children would be doing it they worked in the camp. Many students have visited the park before but few have ever been there in the autumn season. We would like to thank Mr. Hoover for an enjoyable afternoon

same time Mrs. Johnson is really making our library an attractive place to be reading. She has decorated the room with new curtains and

has painted the bookcases.

Mr. Hatfields class does a lot of reading by using the Ginn readers. SRA jab, and Weekly Readers. Mathematics study is divided into two groups - subtraction and multiplication. We hope everyone will know their basic facts by Friday. The bulletin board in their room is entitled "Duck - Duck - Goose". The display is made up of drawings the students created following their study of bird migration

Children from Mrs. McEvers group have been working with shapes and colors, learning to write their names, and studying numbers. Listening skills are being introduced. The young children are learning about autumn and things that are associated with this season. They are also working with basic readiness concepts that cureye-hand coordination, motor

skills and left-right orientation. Students of Mrs. Hawkins and Mrs. Ingvarsson are learning to do their work in centers this year. The teachers change the centers from time to time by adding materials and different assignments. Mrs. Ingvarsson is reading "Ralph and the Motorcycle" to the entire class. The children in Mrs. Batway's

group have been having interesting science experiences. Many Monarch caterpillars were housed in a wire cage where the life cycle was observed. The children actually saw a caterpillar become a chrysalis and, after about two weeks, they watched the butterfly emerge from the chrysalis. They have also been observing the growth of tadpoles. Many insects have been brought in and studied.

Once again, the resource program is open to all children in the school. Some students come daily and some come once a week. Students have been busy working on their individualized program, so each student has different assign-

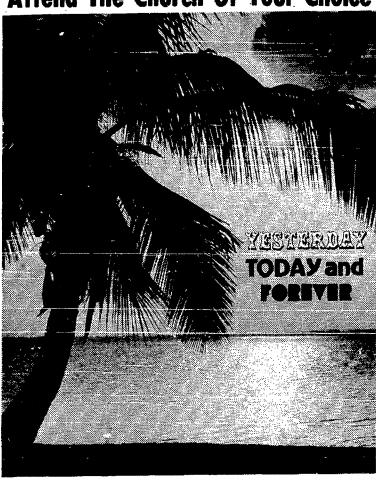

Mr. Skoglund and Mrs. Wilcox will be giving their students a lot of activities that emphasize study skills and self-responsibility. The class will be busy this year as they learn to become mature, independent learners.

In physical education, we are learning the proper, correct and safe way to run.

We are happy to have Mrs. Bronsing again as our school aide. She is busy assisting in Mrs. Batway's and Mr. Olson's rooms. We have a large number of students in these two groups. Mrs. Bronsing is also our lunch period supervisor.

The following news was writ-ten by Sherri Fairbrother and Troy Lambert: "In fifth grade, all the children who wanted to be in band got to go with Mr. Christian, the band director. We took a lot of lessons for band. but only some kids made it for the band. We should be getting our instruments any day now. Lots of students are anxious to get their instruments. So far, we have six band students but we hope to have some others soon."

Christopher Columbus had trouble recruiting sailors for his early voyages. Men were afraid, but the bravest enlisted and sailed off to the wonders of a new world.

Most of us are afraid of the unknown. We have our qualms and doubts about a new job, moving to a strange city, beginning a marriage, or simply facing the uncertainties of tomorrow. We do not know what lies ahead, and we worry about being able to cope with it. In this ever-changing world, we instinctively yearn for that which does not change.

Whatever tomorrow brings, we can have the peaceful conviction that the love of God for His children is trustworthy and everlasting.

It's a great feeling

Save money in your attic this winter.

At the direction of the Michigan Public Service Commission, Michigan Consolidated is again offering a low-cost home ceiling insulation program designed to conserve Natural Gas and hold down heating costs.

Last year, nearly 42,400 Michigan Consolidated customers installed ceiling insulation, saving over one billion cubic feet of Natural Gas. and cut their home heating costs by up to 17%.

These results were gratifying indeed. Enough Natural Gas was conserved to heat over 7,600 additional homes this winter.

If you still haven't taken advantage of this easy, low-cost program, now's the time to act. Many homeowners can install insulation themselves for about \$125. Our free handbook

tells you how. Get your copy at any Michigan Consolidated Business Office, most building supply outlets or write or call us.

Or, we can have the job done for you by one of our participating subcontractors and add the cost to your monthly gas bills. The cost? About \$250 for homes with less than 1,000 sq. ft. of ceiling area. You can pay cash. Or, you can pay over an extended period at an interest rate of 1% monthly on the unpaid balance. (ANNUAL PERCENTAGE RATE OF 12%.)

So why not save money in your attic this winter with our low-cost ceiling insulation program? You'll be cutting your heating costs up to 17% and helping our country conserve its Natural Gas supplies, too.

...and a great look! leisure suit by As casual and comfortable and good looking as anything you've ever seen. Styled to be admired. But this one is tailored by master craftsmen to keep all its good looks! That's the important difference to look for in leisure suits. Choose from colors and fabrics woven to stay neat and flattering . . .

Engagement Announced

Mr. and Mrs. John Keir of Grayling announce the engagemen of their daughter. Sarah, to Al Harland, son of Mr. and Mrs. Alfred Harland, also of Grayling. An October wedding is being planned.

Hunting And Fishing Report

[By "Skip" Madsen] October 1st opened Archery Deer Season in Michigan. Most hunters reported seeing deep opening day with many getting

shots. October 8th opens Michigan Waterfowl season, early rain and cold weather should make a good opener

Some hunters may not be aware of a special deer season for muzzle loaders that will be held this year from December 5th through the 14th in all zones. Those holding sports-mans licenses can hunt this season, the regular license for this season is available only from DNR headquarters.

Good salmon catches are reported at Tippy Dam on the Manistee with Chinook Salmon being the best. Oscoda and Harrisville report good catches

on the lake Huron side.

Perch fishing is reported good at Hessel and Cedarville in the Upper Peninsula.

Bob McLachlan Completes ins. School

10°

Bob McLachlan has completed the New Agent Development School conducted by the Farm Bureau Insurance Group in Lansing. The month-long ses-sion concluded August 29. The course is in two parts and

is designed to prepare students for the State Licensing Examination and to build a solid foundation in all phases of the insurance business. Students attend Fire and Casulaty and Life Institutes at Michigan State University, and these are fol-lowed up immediately by train-ing sessions at the Company's Home Office.

McLachian has been assigned to the Dawson Way Farm Bureau Insurance Group District. He and his wife, Sherrill, have three children and live in

Grayling.

The New Agent Development School is part of the comprehensive educational program which Farm Bureau Insurance Group provides for its agents. Through this school and subsequent training dealing with all areas of insurance, members of the agency force are schooled in the latest industry develop-ments to maintain the best possible policyholder service.

BENJI'S THEME - I FEEL LOVE performed by CHARLIE RICH

Everybody who has ever been loved by a dog will adore Benji."

There is no Oscar for animal actors, but perhaps there should be - or at least the Academy should create a special honor for this remarkable

"Benji is fold from a dog's point of view and since the dog doesn't talk or think out loud, this is no easy job. But it works. Benji has a face far more expressive than some human actors and as the plot unfolds, the movie becomes gripping.'
